THE
GAZETTE.

MONDAY

October 22d, 1753.

LONDON, August 21.

ON Saturday last an experiment was made at Woolwich, before the principal officers of his majesty's board of ordnance, on a short brass six pounder gun, which was fired 300 times in three hours seven minutes and three quarters, and loaded with a pound and a quarter of powder and a six pound ball each time; after the gun underwent the above firing, she was thoroughly searched, and found in every respect as perfect as she was before she was fired, and by the board, the officers of the royal regiment of artillery, and by every other person present, was allowed to be one of the best guns that ever was proved for his majesty's service.

London, Aug. 23. Yesterday was held a board of admiralty, when several ships lately ordered to be dock'd, were reported fit for service; and we hear there will soon be a fleet ordered to cruise in the Channel to watch the motions of the French fleet fitted out at Brest.

London, Aug. 25. Letters received yesterday from Lisbon, give an account of a dreadful fire which lately happened in that city. It destroy'd 65 houses, and a large magazine of powder.

London, Aug. 28. Some private letters from Stirling, bring an account, that parties of troops are sent to several suspected parts of the North of Scotland, in quest of certain persons, who are reported to be sheltered there, and have arrived from foreign parts, to endeavour to excite new troubles.

London, August 30. We hear that the society for propagating the gospel in foreign parts, have presented a living in South-Carolina to the rev. M. Budge.

New-York, Oct. 8. Last Friday Night his Majesty's Ship Arundel, Capt. Lloyd, arrived at Sandy-Hook from England, with our Governor Sir D'ANVERS OSBORNE on board; and Yesterday about 3 o'Clock, his Excellency came up in the Ship's Barge, and landed at the Whitehall Slip, where he was very genteelly received by the Mayor, and some of the Members of his Majesty's Council for this Province; and the greatest Part of the Gentlemen and Merchants of this City.

CHARLES-TOWN, October 22.

Capt. Elmes, who arrived here last Monday from London, met with a terrible Hurricane on the 6th Instant, about 120 Leagues to the Eastward, in Lat. 31. 30. Long. 70, which began about 6 o'Clock in the Morning, and continued 'till 4 in the Afternoon; in which his Ship lay 7 Hours on her Beam Ends, had part of her Stern and dead Lights beat in, her Rails and Binnacle broke, shipp'd many Seas, had her Cargo turn'd topsy-turvy, and received other Damage. Capt. Edmunds from London, Capt. Watson from Leith, and Capt. Hinson from Bermuda, all felt the same Hurricane, but received no Damage.

The Charming Nancy, Captain White, and the Alexander, Captain Carling, sail'd from London, about a Fortnight before Capt. Cowie; and have a great Number of Passengers on board, amongst which, we hear, are two Clergymen and an Organist.

Letters from New-York, mention Sir D'Anvers Osborn's Commission, as Governor of that Province, being read on the 9th Instant; on which Occasion the Day and Night were spent in that City, in the greatest Demonstrations of Joy and Gladness that ever were shown, on a like, or any other Occasion: And that Governor Clinton would soon embark for England, in His Majesty's Ship Arundel. — The same Letters inform us, that on the 12 Instant, Thomas Lawrence, Esq; was chosen

Mayor of Philadelphia, for the ensuing Year; and Benjamin Franklin, and William Callender, Esqrs. Burgesses for that City.

The Ships of Captains Ellis, Ritchie, Purish, Russel, Starb, Moore, Lickly, Mason, Abercrombie, Muir, Goud, Coatum, Arnot, Trump, Tran, Lyon, Pitcairne, and Newin, making 18 Sail, are all lately arrived at Philadelphia, with German Passengers; as are also about 10 Sail more, with Passengers and Servants from Ireland.
